Manufacturer: STMicroelectronics, Inc

Package/Case: ZIP25

Product Type: Amplifier ICs

Lifecycle: Active

General Description

The TDA7388 is an AB class audio power amplifier, packaged in Flexiwatt 25 and designed for high end car radio applications. Based on a fully complementary PNP/NPN configuration, the TDA7388 allows a rail to rail output voltage swing with no need of bootstrap capacitors. The extremely reduced boundary components count allows very compact sets.

Key Features

High output power capability: 4x45W / 4Ohms max

Low distortion

Low output noise

Standby function

Mute function

Automute at min. supply voltage detection

Application

Audio
