

## Single Chip 8-Channel PCI Express

Images are for reference only

[Inquiry](#)

**Manufacturer:** [MaxLinear, Inc](#)

**Package/Case:** FPBGA-176

**Product Type:** Drivers

**RoHS:** RoHS Compliant/Lead free 

**Lifecycle:** Active

## General Description

### Key Features

Expansion bus interface

EEPROM interface for configuration

Global interrupt status register for all eight UARTs

Sleep mode with wake-up indicator

Software compatible to XR17C15x, XR17D15x and XR17V25x PCI UARTs
