[Inquiry](#)

**Manufacturer:** [Microchip Technology, Inc](#)

**Package/Case:** CASON-8

**Product Type:** Programmable Logic ICs

**RoHS:** RoHS Compliant/Lead free 

**Lifecycle:** Active

## General Description

FPGA configuration serial EEPROM providing an easy-to-use, cost-effective configuration memory for FPGAs. It comes packaged in a 28-pin 400-mils wide FP package. A simple serial-access procedure configures one or more FPGA devices via the configurator. The user can select the polarity of the reset function by programming four EEPROM bytes. The device supports a write-protection mechanism within its programming mode.
